PanAmerican Seed®

Pansies & Violas

With the ease and efficiency of PanAmerican Seed® on your shelf, you are in control of sowing, growing and shipping your pansy and viola crops.

Make PanAmerican Seed your one-stop-shop – no need to open any other catalog! We have your complete pansy and viola assortment for landscapes, baskets or containers. With the core colours and novelties you want, and the dependable, proven performance you expect, PanAmerican Seed varieties are your top choice for Spring and Autumn planting.

Large to small blooms or upright to trailing habits, you will find a solid range of core colours, exciting novelties and a wealth of mixes to meet your needs and exceed your customer's expectations.

More details to help you choose. Then open for all your colour options. ▶

Find product & growing info on these pansies and violas, plus the full family of PanAmerican Seed products, at panamseed.com or 630 231-1400.

FRIZZLE SIZZLE

The ultimate in cool displays

This unique, frilly bloom style gets even more pronounced in cool conditions, so Spring is the ideal season for showing off that Frizzle Sizzle.

F1 RUFFLED PANSY
Viola x wittrockiana

Height: 15 to 20 cm
Spread: 20 to 25 cm
Flower size: 6 cm

Plug crop time: 5 weeks
Transplant to finish: Spring 6 to 8 weeks,
Autumn 4 to 6 weeks

Supplied as raw and primed seed.

This series offers more unique and bold colours than any other of its type.

The frilly flower form is great for cool-season end cap displays, and it looks great in containers and "close-up" landscapes.

Stronger ruffling occurs in cool conditions, so Spring production is perfect for this pansy.

Ideal for 10-cm and larger pots.

FRIZZLE SIZZLE MINI

Adds specialty ruffled flower to violas!

The viola flower with an attractive edge! Their frilly blooms gets even more pronounced in cool conditions like Frizzle Sizzle, so Spring is perfect for this new mini format.

F1 RUFFLED PANSY
Viola cornuta

Height: 15 to 20 cm
Spread: 15 to 20 cm
Flower size: 3 cm

Plug crop time: 4,5 to 5 weeks
Transplant to finish: 6 to 7 weeks

Supplied as raw and primed seed.

The series adds a unique frilly flower form to violas.

Great for containers or "close-up" landscapes.

Best for cool-season in early Spring or Autumn; stronger ruffling occurs in cool conditions.

Spring production is recommended.

Includes three colours and a mixture.

PanAmericanSeed®

SORBET® XP & SORBET®

Send the best-looking violas to retail

Sorbet XP genetics deliver a uniform plant habit and the tightest bloom window, so you grow and ship the highest-quality violas. Plants cover the soil at flowering, with more blooms on every plant and less stretching. Grower to retailer to landscaper to garden... everyone's satisfied with Sorbet XP!

F1 VIOLA

Viola cornuta

Height: 15 to 20 cm

Spread: 15 to 20 cm

Plug crop time: 4 weeks

Transplant to finish: Early Spring 6 to 9 weeks, Autumn 4 to 6 weeks

Supplied as raw and primed seed.

Sorbet XP needs fewer PGRs, with superior holdability and less shrink.

F1 vigor assures greater germination and earliness, along with excellent plug and garden performance.

These early-blooming plants remain compact in both heat and cold, so they are standout performers in Spring and Autumn.

Both free-flowering series perform across a wide range of climatic conditions and have excellent overwintering.

Standard Sorbet varieties offer novelties that may not match XP series for habit/timing.

Ideal for packs and 10-cm pots.

QUICKTIME™

Early-blooming, free-flowering plants provide bright colour in early Spring and Autumn gardens.

With two-weeks faster flowering time, Quicktime requires less labour and less heat in the greenhouse, so the cost savings are quick to add up!

F1 VIOLA

Viola cornuta

Height: 15 to 20 cm

Spread: 15 to 20 cm

Plug crop time: 4,5 to 5 weeks.

Transplant to finish: Spring 5 to 6 weeks, Autumn 3 to 4 weeks

Supplied as primed seed.

Quicktime varieties are screened and selected for reduced daylength sensitivity.

Quicktime is programmable and saves time for growers.

Quicktime is a well-branched, full-bodied plant that fills out the pot or pack.

Quicktime has 'Hyperflora' flowering power, which means it has multiple blooms at first flower and continues with fast secondary and tertiary flowering.

Growers can use Quicktime to come to market earlier than other violas, or they can use Quicktime to transplant up to two weeks later and still ship during the traditional viola market window.

COOL WAVE®

The best pansy ever!

Cool Wave spreading pansies crush competing varieties in trailing and filling containers. Plus, Cool Wave beats other pansies hands down for vigour and overwintering. And only Cool Wave packs the selling power of the Wave Brand.

F1 SPREADING PANSY

Viola x wittrockiana

Height: 15 to 20 cm

Spread: 61 to 76 cm

Flower size: 5 to 6 cm

Plug crop time: 4 to 5 weeks

Transplant to finish: Spring 6 to 7 weeks, Autumn 4 to 5 weeks

USDA Hardiness Zones: to Zone 5 (-29°C minimum temperature)

Supplied as primed seed.

The best-performing spreading pansy, great for Spring and Autumn, extends your growing season for the Wave Brand.

With the most prostrate habit, it is great in combos and as groundcover. More vigorous than any other spreading pansy.

Superior overwintering Cool Wave is the earliest pansy to return in the Spring.

Ideal for 10,5 to 15-cm pots, baskets and patio pots.

QUICKTIME™

FRIZZLE SIZZLE

FRIZZLE SIZZLE MINI

Outstanding Features & Benefits

The best-performing spreading pansy series delivers easy spreading colour for Spring and Autumn, so you can extend your growing season, and Cool Wave beats other pansies easily for vigour and overwintering.

Sorbet XP's genetics offer a uniform plant habit and tight bloom window for precise, programmable, predictable growing and shipping of the highest-quality plants.

Flowering two weeks faster than comparable series, NEW Quicktime allows you to sow your viola crop two weeks later and still ship on time in Spring.

Specialty ruffled flower form grabs attention in cool-season end cap displays, containers and "close-up" landscapes.

Unique frilly viola for cool-season is great for containers and "close-up" landscapes.

Habit & Vigour

Vigorous plants ultimately spread up to 60 to 75-cm in containers

Compact Sorbet XP delivers the most uniform viola for habit, vigour and timing

Compact plants have an uniform habit and are covered in 3 to 4-cm blooms

Moderate vigour; upright, mounding habit.

Moderate vigour; mounding habit, covered in 3 to 4-cm frilly blooms
