Hereby we proudly present our newly selected assortment for 2024/2025 from Beekenkamp Plants Ornamentals. Our ongoing quest for crops with added value for every link in the chain has resulted in some very interesting developments!

Discover our latest introduction: Verbena Fuerte™, a series that is highly suitable for production in a wide range of pots, from 10.5 cm to stunning mix pots. With excellent branching and a touch of South American flair, this is a product that should not be missing from your assortment.

Additionally, be inspired by our LaBella® Dahlias, a carefully curated assortment of Dahlias suitable for every pot size, from big to small. With lifestyle photos designed by trendwatchers, we showcase the versatility of the Dahlia in every home and garden environment.

The Petunia Tea series continues to prove itself time and time again, with impressive garden performance and stunning growth worldwide. This series undoubtedly adds value to every link in the chain. This year, our Tea series has been expanded with new colours.

Our renowned BKX tray offers a cost-effective, sustainable, and environmentally friendly logistics solution. The assortment of BKX trays for seed and cutting material is extensive and diverse.

At Beekenkamp Plants, we fully stand behind our breeding choices and partnerships, and we want to thank you sincerely for your trust. Our dedicated team at Beekenkamp Plants is ready to support you because only through collaboration can we grow for the future.

Marja Vonk Noordegraaf

Sirekit Mol

Nous sommes fiers de vous présenter notre nouvel assortiment sélectionné pour 2024/2025 de Beekenkamp Plants Ornamentals. Notre quête constante de cultures à valeur ajoutée pour chaque maillon de la chaîne a abouti à des développements très intéressants !

Découvrez notre dernière nouveauté : la série Verbena Fuerte™, une série parfaitement adaptée à la production dans une large gamme de pots, de 10,5 cm à de superbes pots mixtes. Avec une excellente ramification et une touche de flair sud-américain, ce produit ne devrait pas manquer dans votre assortiment.

De plus, laissez-vous inspirer par nos dahlias LaBella®, une sélection soigneusement élaborée de dahlias adaptés à chaque taille de pot, des grands aux petits. Avec des photos de style de vie conçues par des observateurs de tendances, nous mettons en valeur la polyvalence du dahlia dans chaque environnement domestique et jardin.

La série de pétunias Tea continue de faire ses preuves, avec des performances impressionnantes au jardin et une croissance stupéfiante dans le monde entier. Cette série ajoute sans aucun doute de la valeur à chaque maillon de la chaîne. Cette année, notre série Tea a été élargie avec de nouvelles couleurs.

Notre célèbre plateau BKX offre une solution logistique économique, durable et respectueuse de l'environnement. L'assortiment de plateaux BKX pour les semences et les boutures est vaste et diversifié.

Chez Beekenkamp Plants, nous soutenons pleinement nos choix de sélection et nos partenariats, et nous tenons à vous remercier sincèrement pour votre confiance. Notre équipe dévouée chez Beekenkamp Plants est prête à vous soutenir, car ce n'est qu'en collaborant que nous pouvons croître pour l'avenir.

Hiermit präsentieren wir stolz unser neu ausgewähltes Sortiment für 2024/2025 von Beekenkamp Pflanzen Ornamental. Unsere fortlaufende Suche nach Pflanzen mit Mehrwert für jede Gliederung in der Kette hat zu einigen sehr interessanten Entwicklungen geführt!

Entdecken Sie unsere neueste Einführung: Verbena Fuerte™, eine Serie, die sich hervorragend für die Produktion in einer Vielzahl von Töpfen eignet, von 10,5 cm bis hin zu beeindruckenden Mixtöpfen. Mit ausgezeichneter Verzweigung und einem Hauch südamerikanischer Raffinesse ist dies ein Produkt, das in Ihrem Sortiment nicht fehlen sollte.

Lassen Sie sich außerdem von unseren LaBella® Dahlien inspirieren, einer sorgfältig zusammengestellten Auswahl von Dahlien, die für jede Topfgröße geeignet ist, von groß bis klein. Mit Lifestyle-Fotos, die von Trendbeobachtern entworfen wurden, zeigen wir die Vielseitigkeit der Dahlie in jeder Haus- und Gartenumgebung.

Die Petunia Tea-Serie beweist sich weiterhin immer wieder, mit beeindruckender Gartenleistung und atemberaubendem Wachstum weltweit. Diese Serie fügt zweifellos jedem Glied in der Kette Mehrwert hinzu. In diesem Jahr wurde unsere Tea-Serie um neue Farben erweitert.

Unsere renommierte BKX-Schale bietet eine kostengünstige, nachhaltige und umweltfreundliche Logistiklösung. Das Sortiment an BKX-Schalen für Saatgut und Stecklinge ist umfangreich und vielfältig.

Bei Beekenkamp Pflanzen stehen wir voll und ganz hinter unseren Zuchtentscheidungen und Partnerschaften, und wir möchten Ihnen aufrichtig für Ihr Vertrauen danken. Unser engagiertes Team bei Beekenkamp Pflanzen steht bereit, Sie zu unterstützen, denn nur durch Zusammenarbeit können wir für die Zukunft wachsen.

Hierbij presenteren we vol trots ons nieuw geselecteerde assortiment voor 2024/2025 van Beekenkamp Plants Ornamentals. Onze voortdurende zoektocht naar gewassen met toegevoegde waarde voor iedere schakel in de keten heeft geleid tot zeer interessante ontwikkelingen!

Ontdek onze nieuwste introductie: Verbena Fuerte™, een serie die zeer geschikt is om te produceren in een breed scala aan potten, van 10,5 cm tot prachtige mixpotten. Met uitstekende vertakking en het gevoel van Zuid-Amerikaanse flair is dit een product dat niet in uw assortiment mag ontbreken.

Laat u daarnaast inspireren door onze LaBella® Dahlia's, een zorgvuldig samengesteld assortiment Dahlia's geschikt voor iedere potmaat, van groot tot klein. Met lifestylefoto's, ontworpen door trendwatchers, tonen we de veelzijdigheid van de Dahlia in iedere huis- en tuinomgeving.

De Petunia Tea-serie blijft zichzelf keer op keer bewijzen, met indrukwekkende tuinprestaties en prachtige groei wereldwijd. Deze serie biedt absoluut meerwaarde voor iedere schakel in de keten. Dit jaar is onze Tea-serie uitgebreid met nieuwe kleuren.

Onze bekende BKX-tray biedt een rendabele, duurzame en milieuvriendelijke logistieke oplossing. Het assortiment BKX-trays voor zaad- en stekmateriaal is uitgebreid en gevarieerd.

Bij Beekenkamp Plants staan we volledig achter onze veredelingskeuzes en partnerschappen, wij willen u hartelijk bedanken voor het vertrouwen daar in.

Ons toegewijde team van Beekenkamp Plants staat klaar om u te ondersteunen, want alleen door samenwerking kunnen we groeien naar de toekomst toe.

The Beekenkamp Group. An established presence in the world of horticulture. A family business since 1951, we now have over 2,900 employees worldwide and produce over 2 billion young plants every year, with a total greenhouse area of 90 hectares. The Beekenkamp Group combines the forces of our three businesses.

WE WORK TOGETHER FOR THE BEST RESULT.

De Beekenkamp Group. Een begrip in de tuinbouw. Een familiebedrijf pur sang, met sinds 1951 ruim 2.900 medewerkers wereldwijd, een productie van meer dan 2 miljard jonge planten per jaar en een totaal areaal aan kassen van 90 hectare. Beekenkamp Group bundelt haar krachten in drie bedrijven.

Samen gaan we voor het beste resultaat.

Corporate Social Responsibility

We see social responsibility as a crucial element in running our business. In addition to our care for all of our employees who work for us worldwide, as well as their families, we also ensure that the environmental impact of our activities is minimal. Beekenkamp also sets high standards for hygiene. We implement very strict hygiene measurements to prevent diseases and discourage pests. All of these efforts have resulted in gaining various certificates. Our provisions regarding working conditions, the environment and hygiene are subject to external monitoring.

Maatschappelijk Verantwoord Ondernemen

We zien sociale verantwoordelijkheid als een cruciaal element bij het runnen van ons bedrijf. Naast onze zorg voor al onze medewerkers die wereldwijd voor ons werken, en hun gezinnen, zorgen we er ook voor dat de milieu - impact van onze activiteiten minimaal is. Beekenkamp stelt ook hoge eisen aan hygiëne. We voeren zeer strenge hygiënemaatregelen uit om ziekten en ongedierte te voorkomen. Al deze inspanningen hebben geresulteerd in het behalen van verschillende certificaten. Onze bepalingen inzake arbeidsomstandigheden, milieu en hygiëne worden extern gecontroleerd.

Our Product Management team is testing our own genetics and breeding from partners to extend their technical knowledge for you. Improved product quality from unrooted to finished product, tolerances to pests and diseases, reducing the usage of PGR's and extending the shelf and garden life are the four main research targets. The application of modern breeding techniques is the key to success at Beekenkamp Plants today. Investments are based on a clear vision of the future needs of all the links within both contemporary ornamental horticulture production as well as in the supply chain.

Test locations in different parts of the world are very important to us, as it is Beekenkamp's goal to provide the consumer with the best product available in their climate zone. It also allows us to monitor the effects of our genetics in different growing circumstances. Beekenkamp Plants' comprehensive cultivationdatabase contains extensive information from all over the world, taking each and every growing situation into account. All this, in order to provide you with the latest advice and information. The Marketing team is lucky enough to draw inspiration from the whole chain including the consumer. If you would like any visuals or designs please contact our office. Our experience in working in partnership is what makes it successful, but it takes time to develop. It is evident that the most successful partnerships have built upon a long history of collaboration. The Marketing department, where Sales, Product Management and Breeding, come together in order to see how we can assist you in the best way.

Know that you are invited at any time to our premises in the Netherlands where you can feel free to take a look at our shelf-life testing room or trial garden. Or visit the Beekenkamp Inspiration Center, make an appointment all year round both online and offline.

Ons Product Management team test onze eigen genetica en teelt van partners om hun technische kennis voor u uit te breiden. Verbeterde productkwaliteit van onbeworteld tot afgewerkt product, tolerantie voor plagen en ziekten, vermindering van het gebruik van PGR's en verlenging van de houdbaarheid en de levensduur in de tuin zijn de vier belangrijkste onderzoeksdoelstellingen. De toepassing van moderne veredelings technieken is vandaag de dag de sleutel tot succes bij Beekenkamp Plants. Investerings zijn gebaseerd op een duidelijke visie op de toekomstige behoeften van alle schakels binnen zowel de hedendaagse sierteeltproductie als in de toeleveringsketen.

Testlocaties in verschillende delen van de wereld zijn erg belangrijk voor ons, want het is Beekenkamp's doel om de consument het beste product te bieden dat verkrijgbaar is in hun klimaatzone. Het stelt ons ook in staat om de effecten van onze genetica in verschillende groeiomstandigheden te volgen. De uitgebreide teeltdatabase van Beekenkamp Plants bevat uitgebreide informatie van over de hele wereld, waarbij rekening wordt gehouden met elke teeltsituatie. Dit alles om u van het laatste advies en informatie te voorzien. Het marketingteam heeft het geluk zich te laten inspireren door de hele keten, inclusief de consument. Neem voor afbeeldingen of ontwerpen contact op met onze marketing afdeling. Onze ervaring met het werken in partnerschap is wat het succesvol maakt, maar het kost tijd om te ontwikkelen. Het is duidelijk dat de meest succesvolle partnerschappen zijn gebaseerd op een lange geschiedenis van samenwerking. De afdeling Marketing; waar de afdelingen Verkoop, Productontwikkeling en Veredeling samenkomen om te kijken hoe we u het beste kunnen helpen.

We willen u graag laten weten dat u altijd van harte welkom bent in Nederland. U kunt gerust een kijkje komen nemen in onze houdbaarheidstestruimte of de Trial garden bezoeken. Ook nodigen we u uit om ons Beekenkamp Inspiration Center te ontdekken, waar u het hele jaar door zowel online als offline afspraken kunt maken.

EXPERIMENTAL

- ▶ Exceptional resilience: Verbena Fuerte thrives in heat and heavy rains, maintaining vibrant colors;
- ▶ High-quality production: Its excellent branching ensures robust and high-quality (young) plants;
- ▶ Versatile series: Available in upright and semi-trailing series for diverse planting options;
- ▶ Striking colors: Brilliant reds, pinks, and purples with a South American flair enhance its visual appeal.
